	(ii) Sewer West	R 109.10	R 130.07
h)	Industrial effluent :(Kwa-Dukuza Unit)		
(i)	The owners of premises on which any trade or manufacture is carried on and from which, as a result of such trade or manufacture, an effluent is discharged in the Council's sewers shall, in addition to the basic and service charges, pay to the Council for the conveyance of such effluent through the Council's sewers and treatment at the Council's sewerage disposal works, a further charge, based on the "strength" of such effluent as determined on one or more representative composite samples taken by the Engineer over a minimum period of 24 hours during the preceding half year. Half of the composite samples taken for analysis by the Engineer shall be handed to the owners of the premises, if required by them, for checking. The "strength" of the composite sample, in mg/l of oxygen absorbed from N/80 acid potassium permanganate at 27 degrees in 24 hours shall be determined by the Engineer. This is in the South African Bureau of Standard's specification SABS 247 1951. The charge shall be in accordance with the following formula:		
(ii)	Charge in cents per kilolitre : $2,0 + \frac{OA}{1000}$ c/kl		
(iii)	Where OA oxygen absorbed in parts per 1 000kl as specified above. In cases where, in the opinion of the Engineer, the oxygen absorbed figure does not give the correct "strength" of the industrial effluent due to the presence of certain chemical compounds, the Council may make use of another formula method for assessing the "strength" of the effluent and may calculate the further charges to be paid accordingly. In the absence of any direct measurement, the quantity of industrial effluent discharged in any half year shall be estimated and determined by the Council from the quantity of water consumed on the premises due allowance being made for water used for domestic purposes or absorbed during the process of manufacture, or present in the final product.		

# Final Draft for consideration by Council

## TARIFFS LISTED BELOW ARE EXCLUSIVE OF VAT

	(iv)	The composition of this charge shall not prejudice the Council's right to prohibit the use of sewers as set forth in clause 19 of the Drainage Bylaws.		
	(aa)	Should any person or persons required to furnish a return or returns in terms of these bylaws fail to do so within 30 days after having been called upon to do so by notice under the hand of the Chief Financial Officer, the Council may make such charge for the rise of the Council's sewers as, in terms of the tariff, appears to be reasonable.		
	(bb)	Should any building be occupied in sections during construction these shall be charged for the first month of such occupation 25%, for the second month 50%, for the third months 75%, and thereafter the full amount of the additional charge in respect of such building.		
	(cc)	Upon application, and provided notification is made when instructions are given to cut off the water supply, an allowance of one-twelfth of the additional annual charge will be made in respect of each completed calendar month during which the water to the premises is not in supply.		
	(dd)	All cases of dispute as to classification, shall be referred to and decided by the Municipal Manager.		
<b>S 4.2</b>	<b>SEWERAGE CAPITAL CONTRIBUTION:</b>			
		For every new subdivision for which a sewer connection may be required, there shall be payable an amount equal to the Sewerage Updated Cost Rate applicable at the time of application for subdivision. (This tariff shall only be applicable to subdivisions for which Conditions of Establishment make no mention of a Sewer Contribution). Dolphin Coast Unit

	b)	No charge shall be made against any property complying with the requirements of Section 153 (1) of Ordinance 25 of 1974.		
	c)	No charge shall be made against one subdivision which is used for bona fide gardening purposes in conjunction with an adjoining subdivision on which there is erected a dwelling house which is connected to the Council's electricity scheme, if such subdivision is owned by the same person or the spouse of the person who owns such dwelling house;		
	d)	In any area where no town planning scheme in terms of the Ordinance 27 of 1949 is in existence, the charge shall be levied as if such property is zoned for special residential use.		
	e)	Depending on the zoning of such subdivision in terms of any town planning scheme in force from time to time, the monthly charges per subdivision shall be as follows:		
	(i)	Irrespective of the zoning of the property there shall be payable a monthly charge of	R 50.00	R 50.00
		If zoned for other purposes	R 50.00	R 50.00
<b>X1.10</b>	<b>GENERAL PROVISIONS</b>			
	a)	<b>Notified maximum demand:</b>		
	(i)	Every existing consumer with an installed load in excess of 60 A shall, when called upon to do so, notify the Council in writing of the maximum which he requires the Council to supply.		
	(ii)	Every new consumer requiring a supply of electricity in excess of 60A single phase or 20A three-phase shall give three months prior written notice of his requirements; provided that the period of notice may be reduced at the discretion of the Engineer.		
	(iii)	Every existing consumer who wishes to increase his installed load shall give the Council three months prior written notice of his requirements, provided that the period of notice may be reduced at the discretion of the Engineer.		
	(iv)	With effect from the date on which the Council is in a position to meet the notified requirements or the date stipulated in the notice given under paragraph (bb) or (cc), whichever is the later, the amperage charge or the maximum demand charge applicable to such consumer shall be adjusted accordingly.

## TARIFFS LISTED BELOW ARE EXCLUSIVE OF VAT

	(v)	In the event of the actual consumption of any consumer exceeding his notified maximum demand, the Engineer may call upon such consumer to negotiate an increased notified maximum demand in terms of this Bylaw. Should such consumer fail to notify the Board of his increased requirements within thirty (30) days of being called upon to do so, the Engineer, after inspection of the consumer's installation may notify the Chief Financial Officer of such increased notified maximum demand as should, in his opinion apply to such consumer for accounting purposes and the charges therefore shall be adjusted accordingly.		
	b)	<b>Bulk Supply Installation</b>		
	(i)	Where the joint requirements of any two or more consumers necessitate, in the opinion of the Engineer, the specific installation of one or more transformers together with associated switch gear, such consumers shall jointly be responsible for the cost of such installation, in proportion to their individual requirements.		
	(ii)	In designing such a bulk supply installation, as provided for under item (i) above, it shall be competent for the Council to install a transformer with a larger capacity than that called for by the applicant, provided that		
	(iii)	The amount payable by the Applicant shall be pro-rated accordingly: and Council shall have the right to use any such excess capacity for such other needs as it deems fit.		
	(iv)	In respect of all bulk installations the applicant shall be required to provide a chamber, to the Council's requirements, in which any such transformers, switch gear and equipment shall be accommodated.		
	(v)	Where application is made for an increased supply and sufficient spare capacity exists on the transformer of greater capacity, the consumer shall in addition to the charges as provided for in these by-laws, be charged the pro-rata cost of the additional transformer capacity based upon the cost of a new transformer or Mini Sub Station of that capacity at that time, plus 10%.		
<b>X1.11</b>		<b>REDUNDANT STREETLIGHT POLES</b>		
	a)	Whole poles, as is, per meter (Maximum of 60 meters per person)	R3,00	R3,00
	b)	Greater lengths are subject to Municipal Manager's authorization).
